*Terms & Conditions:

1. Vehicle mileage and battery charging duration are as per standard factory conditions only. Mileage and battery charging may vary due to road conditions and battery conditions while in use by the user. Exact performance is not guaranteed.
2. Vehicle color and shape may be an example. Please visit your nearest dealer for actual details.
3. Vehicle shown in the catalog may not match exact specifications due to modifications from time to time. We advise you to contact your nearest dealer for a physical evaluation of the vehicle before purchasing.
4. Discounts and schemes are subject to the discretion of Eco Evols Private Limited.
5. Overall performance of the vehicle is subject to the user's riding habits and usage of the vehicle.
6. We recommend charging the battery with an authorized electric supply from your local State grid with a constant voltage supply only.
7. Please visit your nearest dealer for the latest price.
8. Eco Evols Private Limited is not responsible for errors and omissions under the catalog.
